Dear Philipp –

Thank you for the additional information.

No permission is needed to reproduce a thumbnail of our book, accompanied by the book link to our website, as you describe below. A high-resolution cover image can be downloaded from the website.

We appreciate your interest in our publication.

Best,

Dear Madam/Sir,

Thank you very much for your quick response.

| Please provide more details on how our book cover will be reproduced within the context of your website.

We plan to reproduce the book cover as a thumbnail (approx. 2x3 inches on a 13" monitor) at <http://settheory.eu/literature.html> together with a link to the book's website <https://press.princeton.edu/books/paperback/9780691145426/introduction-to-ramsey-spaces?srltid=AfmBOoqaInsZeYiKdTfx5mEXdtqrRL2Zw9Q4-OTcDPwx-GmpBho-dAxM>.

| Also, do you wish to feature the cover of our 978-0-691-14542-6 Annals of Mathematics paperback edition?

Yes, this is precisely the book in question-- the cover you sent and the ISBN match.

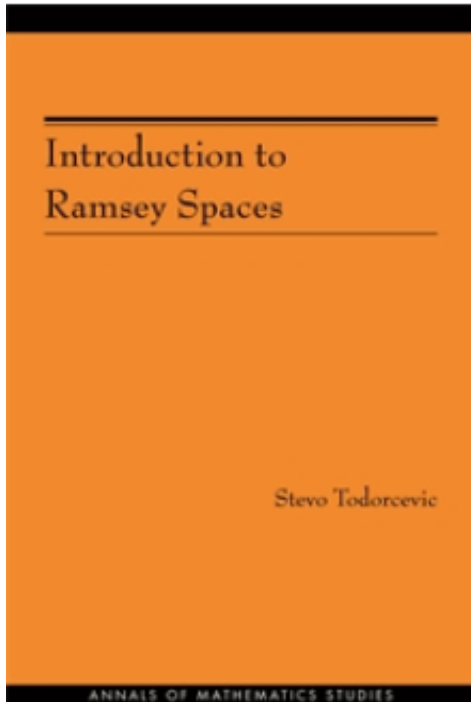

Thank you and best wishes, Philipp Schlicht
